

ALLIED FORCES PUSHING FORWARD IN NORTHERN TUNISIA

ROMMEL IS REPULSED BY EIGHTH ARMY

Thirty-Three Enemy Tanks Destroyed Without Loss of Single British Machine

TWO SHIPS ARE SUNK

By HAROLD V. BOYLE
Allied Headquarters in North Africa, March 8.—(AP)—Marshal Erwin Rommel's initial smashes at the British Eighth Army have completely failed and "round one is over" with his tanks and infantrymen in retreat toward Mareth Line positions north and northwest of Medenine, a competent military source said today.

"Round one has been won by the Eighth Army," he added.

Gen. Sir Bernard Montgomery's men, after stopping two German attacks Saturday morning, disrupted four more thrusts in the course of the afternoon and forced Rommel to withdraw again into the hills, it was announced.

Battered by ground fire and harassed by aerial bombardments, 33 of Rommel's tanks were destroyed while not a single British tank was knocked out, a communiqué disclosed.

The heavy action at the southern end of the Tunisian front was accompanied by aggressive Allied patrol activity and local gains in the north and destructive aerial blows at an Axis convoy sighted in the Mediterranean between Sicily and Tunisia.

Bombers with fighter escorts sank two vessels of the convoy, left another sinking, set five others afire and shot down six escorting planes, the communiqué said.

Authorities said, however, that other United States patrols had withdrawn westward from the town of Pichon, 100 miles to the northeast, to avoid heavy Axis fire from the dominating hills north and south of the town.

Unfavorable weather limited aerial activity in the northern sector of Tunisia.

"In the southern area attacks were made on retreating enemy forces," the bulletin reported. "Constant patrols were maintained by our fighters, in the course of which nine enemy aircraft were destroyed."

The communiqué said that all Allied planes involved in the day's operations were safe.

Allied forces in northern Tunisia, meanwhile, had seized the initiative against Col. Gen. Jürgen von Arnim's Axis army based at Tunis and Bizerte after throwing off a large-scale German offensive designed to take the pressure off Rommel's northwestern flank.

(The Algiers radio, as heard by the London "Daily Mail," said that the fighting continued in the Mareth area. "Rommel's defeat in front of the Mareth Line is graver than the previous one at Kasserine"—where an Axis drive into central Tunisia was broken recently—and

Older Men Regrouped to Keep Farm Output Up

Palermo, Sicily

WLB Decision Resented By Coast Unions

Mass Meetings Are Held Sunday From Seattle to San Diego

PROTESTS ARE GENERAL

Los Angeles, March 8.—(P)—Pacific coast aircraft workers don't like the War Labor Board's recent wage ruling, but they also don't like strike talk in the face of the nation's war needs.

This was the tenor of union mass meetings from Seattle to San Diego yesterday, called to protest as insufficient the WLB's starting pay boosts of 4½ cents an hour in Seattle and 7½ cents an hour in southern California.

San Diego's meeting produced by vote the proposal that President Roosevelt order the army and navy to take over the Consolidated Aircraft Corporation's plant there. President Harvey C. Brown of the AFL Aeronautical Mechanic's Lodge 1125, which claims 35,000 members there, charged "collusion exists in the aircraft industry, not for prosecution of the war but for selfish interests."

At the Los Angeles meeting, President Dale Reed of the AFL International Association of Machinists, Lodge 727, advocated investigation of the wage dispute by a presidential committee and announced a meeting of the machinists' national representatives at Kansas City, to be held not later than March 12.

Rear Adm. Richard E. Byrd, addressing the Seattle unionists, asserted the Japanese had prior knowledge of present labor unrest on the Pacific coast, and that they are using this in propaganda detrimental to the United Nations.

Rayon Hose Prices To Be Slashed April 15

Washington, March 8.—(P)—The Office of Price Administration announced today that on April 15 it will cut the prices of women's rayon stockings by from five to 40 cents a pair.

Claiming such procedure necessary to prevent "hoarding" on the quality of women's hose, OPA set up rigid standards for "Grade A" stockings, ordered that prices on Grade B stockings be about 10 per cent less than Grade A until July 16 and 25 per cent after that date. The two dates and Grade B prices were set to give stores and manufacturers time to get rid of inferior types, if they desire.

Synthetic Process A Major Factor in Post-War Change

Philadelphia, March 8.—(P)—Cheap clothing made from plastics, cheaper, better automobile tires and insulating sheathing for buildings, all made from a base of synthetic or natural rubber, were listed today by Dr. Wacław Szukiewicz, refugee Polish chemist-inventor, as possible major factors in a sweeping post-war change in American economy.

Szukiewicz, who discovered what chemists say is one of the most economical processes for converting grain alcohol to butadiene, base for synthetic rubber, told an interviewer science is barely at the threshold of rubber development. He said there will be able use for both synthetic and natural types.

LEGISLATURE IS ADHERING TO SCHEDULE

House Speaker Declares Assembly in Good Position to Adjourn April 15

FIVE TAX BILLS READY

Harrisburg, March 8.—(P)—House Speaker Ira T. Fiss today predicted advancement of post-war planning and tax legislation this week—tenth of the 1943 session—would place the legislature in "excellent position for adjournment by April 15."

"Everything's moving smoothly," declared the Republican leader. "The five tax bills and the planning measure should be up for first reading in the house tomorrow."

The revenue measures would continue after May 31 five emergency taxes, expected to produce \$136,888,325. The levies are those on cigarettes, gasoline, corporate net income, gross receipts and liquor. The planning bill would set up a commission to study a reconstruction program for the post-war era.

Returning lawmakers also expected to hear Rep. Reuben E. Cohen, Democratic floor leader, criticize some features of the chief executive's budget recommendations calling for governmental expenditures of \$472,457,692 and a \$41,600,000 reduction in taxes in the next biennium.

In the upper chamber, Senator Weldon B. Heyburn, Republican floor leader, forecast introduction this week of a new congressional reapportionment bill to restore the district set-up existing in Pennsylvania before 1942 with the exception that Philadelphia would lose one congressman.

Heyburn also said the senate may grant a request of employers for a public hearing on a bill to establish a sliding scale merit rating system for employer payments to the unemployment compensation fund.

Meanwhile, the Local Government Commission completed plans to sponsor a bill to return to municipalities for road maintenance half of the one-cent emergency gasoline tax, although Senator Edward J. Coleman (D-Lackawanna) commission member, (Turn to Page Seven)

House Takes Up Discussion Of Lend-Lease

BY WILLIAM F. ARBOGAST
Washington, March 8.—(P)—Debate over extension of lend lease authority and nullification of President Roosevelt's salary limitation order is expected to occupy the house this week to the exclusion of legislation dealing with the draft, labor and farm prices.

Congressional leaders set aside today, Tuesday and Wednesday for discussion of a bill extending the lend-lease program for 12 more months beginning July 1.

While virtually no opposition is expected, Chairman Bloom (D-NY) of the foreign affairs committee asked prolonged discussion to explain and answer "many questions that have arisen in the public mind with respect to the various aspects of the program."

Advance indications are that much of the debate will center on the extent to which China has benefited from lend-lease. China won many congressional sympathizers as a result of the recent address to the house by Mme. Chiang Kai-shek, wife of the Chinese generalissimo.

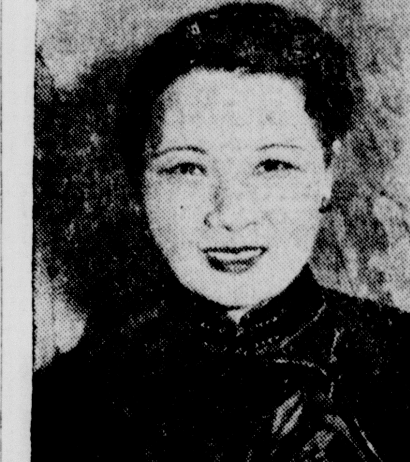

U. S. Bombers Stage Attacks

Washington, March 8.—(P)—American heavy bombers attacked Japanese bases in the northwest and central Solomon Islands Sunday (Solomon time) the navy reported today, but results were not observed.

The Shortland Island area, which is strongly held by the Japanese, is in the northwestern section of the Solomons about 295 nautical miles northwest of Guadalcanal.

Based in the Shortland area have been heavily pounded for several days, suggesting a possibility that the main power of the American aerial offensive from Guadalcanal was now being directed toward destruction of the stronger enemy positions rather than toward the bases in the Munda area of the central Solomons for which Vila is one of the ports.

Calls for AEF

Mme. Chiang Kai-shek, pictured at a New York press conference, urges the U. S. to send an expeditionary force to China to prove America means business.

New Phase Of Pacific War Believed Near

Latest Successes Indicate Allies Shifting to Offensive

ADMISSION IN TOKYO

By the Associated Press
United Nations air power poured an increasing cascade of bombs on the Japanese from the Solomons to Burma, Allied communiques announced today, as dispatches from the United States Pacific fleet reported a general feeling among warship crews that the war in the Pacific is entering a new phase.

The widespread belief by the men who man the navy's guns that the Allies are shifting to the offensive in that theater, as well as the European front, was given a boost by the smashing success of Gen. Douglas MacArthur's army-men in destroying a 22-ship Japanese convoy off New Guinea last week.

Concerning that defeat the Japanese imperial headquarters today made its first grudging admission, though it was only a half-way acknowledgment in the light of Allied communiques from Australia.

The Japanese communiqué admitted that two of the Mikado's destroyers and five of his transports had been lost in the Solomons-New Guinea area between February 16 and March 6, a period covered by the convoy battle and numerous bombings in the Solomons as well.

The latest communiqué from Australia told of Allied attacks on Japanese airfields from the Kai Islands, northwest of Australia, to Gasmata and Gloucester, New Britain, and said two flights of Allied attack planes made 31 strafing passes over the Guadalcanal saddle area near Mubo, which Allied jungle patrols apparently are approaching in their drive toward (Turn to Page Seven)

HOUSE GROUP IN DEADLOCK ON TAX ISSUE

Decision Directly Affecting 44,000,000 Individual Taxpayers Still Awaited

PROPOSALS REOPENED

BULLETIN
Washington, March 8.—(P)—The house ways and means committee approved tentatively today the source collection feature of a pay-as-you-go income tax system, including a 20 per cent withholding levy against the taxable portion of pay envelopes and salary checks.

BULLETIN
Washington, March 8.—(P)—Extensions up to 60 days in filing income tax returns because of "the unusual situation due to the war conditions and the uncertainties as to revenue bills in congress" will be granted in justifiable cases, Senator Gillette (D-Iowa) said he had been advised today.

By FRANCIS M. LE MAY
Washington, March 8.—(P)—A decision directly affecting their pocketbooks was awaited today by America's 44,000,000 individual income taxpayers as the house ways and means committee attempted again to break its deadlock on the issue of whether to forget all or a part of one year's tax obligations.

Supporters of the Ruml plan for a full year's abatement pressed their case in the committee and opponents appeared equally active although willing to cancel a subsequent part of the tax year.

Having voted down all pay-as-you-go proposals two weeks ago and turned over to a subcommittee the task of drafting a compromise, the full committee took up the problem again today when the subcommittee failed to report a solution.

The four original tax payment proposals thus reopened are:

1. Ruml plan first proposed by Beardsley Ruml, New York banker.

This would abate a full tax year, with certain safeguards against wartime tax "windfalls."

Erie Aviator Found After Long Search

Boston, March 8.—(P)—After 200 soldiers and civilian defense workers had searched all night through dense woodland and underbrush, second Lieut. John R. Frindle, of Erie, Pa., who parachuted before his plane crashed in Andover last night, was found today near Boxford, about 23 miles north of Boston.

He was taken to a hospital but his condition was not known immediately.

The First Service Command said that airplane spotters at Middlebury reported they saw the pilot bail out and that a strong wind carried him toward Boxford. He disappeared at about tree level over dense woods, they added.

The plane was found burned beyond repair, the army said, on an Andover estate. The cause of the accident was not determined immediately.

Huge searchlights fanned wide areas of the ground covered by searchers. Army officials said that the plane was on a routine flight from the Bedford, Mass., airport when it crashed.

COLD AGAIN TONIGHT FORECASTER DECLARES

Pittsburgh, March 8.—(P)—The mercury dropped to 6 above zero at Allegheny county airport today to make it Pittsburgh's coldest March 8 on record. The previous low was 8 above in 1932. The overnight low in the city was 10 above.

The weather bureau forecast rising temperature today but said tonight will be about as cold as last night.

BROTHER, SISTER DROWN

Marianna, March 8.—(P)—William Serenta, 16-year-old high school athlete, and his sister, Betty, 18, drowned yesterday when the car in which they were riding to church left the highway and plunged into the icy waters of Ten Mile creek near this Washington county community.

Entire Agricultural Setup To Be Reviewed By Special Group Headed By Byrnes

Washington, March 8.—(P)—The critical manpower problem was attacked on a broad front today as reliable reports made clear that administration leaders still hope to meet farm labor needs without cutting down on the armed forces.

Over the weekend:

1. Selective service announced a four-point program for draft deferment of essential farm workers and men over 38 were ordered reclassified in a move to get them into farm work or possibly into the armed services.

2. A special committee headed by Economic Stabilization Director James F. Byrnes was disclosed to be preparing for President Roosevelt recommendations covering a program aimed at meeting manpower problems generally.

It was stated on high authority that the White House committee, which includes Bernard M. Baruch, Harry Hopkins, Admiral William D. Leahy and Justice Samuel I. Rosenman of New York, has reached agreement on the principle that whatever is done, there should be no reduction in 1943 military goals calling for a total of 10,800,000 men.

A congressional group led by Senator Bankhead (D-Ala) has demanded that this figure be reduced to leave more men on the farms to cope with a threatened food shortage.

Bankhead plans to attempt to bring before the senate tomorrow a bill deferring all farm workers from the draft, but the administration apparently is ready to throw its support behind a less drastic measure which is expected to be offered by Senator O'Mahoney (D-Wyo). O'Mahoney probably will propose retention of the present system of excusing farm workers from military service on an individual rather than on a blanket basis.

Steps in this direction were taken by the War Manpower Commission over the weekend when it moved to give local draft boards wider latitude to hold up the induction of farm workers.

In still another move selective service headquarters eliminated the 4-1 classification for men between 38 and 45 and ordered local boards to reclassify them in the same category as younger men.

Chief aim of the new order is to (Turn to Page Seven)

URGES REDUCTION IN SOME POINT VALUES

Philadelphia, March 8.—(P)—Urging that the government reduce the point value of canned and frozen foods, William M. Matheson, president of the Retail Grocers Association of Philadelphia yesterday declared he does not "see how the corner grocer can survive unless he is given relief."

"The same thing goes pretty much for the chains, too," he added.

"We have no figures on the drop in canned goods sales since rationing started," he said, "but I wouldn't be surprised if it was as much as 40 per cent."

"The drop in receipts of fresh fruits and vegetables in the Philadelphia wholesale markets has cut deeply into the grocer's income because he just can't get such things to sell."

KAISER TAKES OVER EAST COAST FACTORY

Bristol, March 8.—(P)—Henry J. Kaiser, west coast shipyard production wizard, today was the new owner of the aircraft plant of Fleetwings, Inc., here, his first venture into aircraft manufacture on the east coast.

Purchase of Fleetwings was announced by Kaiser in New York Saturday.

Fleetwings, Inc., pioneered in the development of stainless steel aircraft parts, and built the first all stainless steel plane. The company now is working on government orders.

Raiders Visit London Area

London, March 8.—(P)—German raiders dropped high explosive bombs in the home counties surrounding London and in southern and southeastern England early today, but early authoritative reports said only a small number of casualties had been reported.

The Berlin radio reported that British planes flew over Helgoland last night without dropping bombs and later the Vichy radio said targets in France were attacked, but there was no immediate confirmation of these reports here.

It was authoritatively reported that three of the German planes which raided England shortly after midnight were destroyed.

RED FORCES CONVERGE ON VYAZMA BASE

After Hammering Way Into Over 100 Cities Russians Plunge After Retreating Nazis

EQUIPMENT ABANDONED

London, March 8.—(P)—Russian troops, after hammering their way into more than 100 settlements west and northwest of Gzhatsk in 24 hours, plunged after Hitler's retreating forces on the road to Vyazma and Smolensk today and captured more fortifications and communities, the Soviet mid-day communiqué said.

The Russians, who fought their way into Gzhatsk Saturday over the bodies of some 3,500 Germans, killed 1,000 more in developing this offensive overnight west of the city and south of Olenino to the northwest, the communiqué said.

The two Russian forces apparently are converging on the important naval base at Vyazma, 35 miles west of Gzhatsk.

Several more populated places west and northwest of Gzhatsk were captured and one Soviet unit wiped out two companies of German infantry and captured guns and war material, the mid-day communiqué said.

The Germans, who are leaving their guns and stores of material behind as they abandon the positions with which they have been threatening Moscow for about a year and a half, retreated in disorder in one sector where Soviet troops worked around behind their lines and threatened encirclement, the communiqué said.

Six strongly fortified points of resistance south of Olenino fell to the Red army forces on this northern arm of the offensive as they surged forward with all the great strength of Moscow's factories and supplies behind them, it was announced. More than 600 Germans were reported killed and others were sent to the rear as prisoners.

Southwest of Orel, where the Russians seem to be driving northward to pinch off the Nazi (Turn to Page Seven)

BAN ON SLICING OF BREAD MAY BE LIFTED

Washington, March 8.—(P)—The agriculture department today agreed to remove restrictions on bakers' slicing of bread for home use, it was learned authoritatively.

The action was taken after the paper and wax situation improved, it was said, and followed consultation between agriculture department officials and the war production board.

Formal announcement of removal of the ban is expected later today.

Mme. Kai-Shek Sets Fast Pace at College

By EDITH GAYLORD
Wellesley, Mass., March 8.—(P)—In good spirits and apparently improved in health after her near collapse yesterday, Madame Chiang Kai-Shek set a fast and sure-footed pace today in a brisk walk around part of the campus of Wellesley College, her alma mater.

Wearing dark blue slacks, a turban, heavy beaver coat and walking shoes, the wife of the Chinese generalissimo walked for half an hour amid scenes familiar to her girlhood, when she was known here as May-ling Soong. She was accompanied by a group of reporters and photographers.

The unexpected campus appearance of China's first lady all but disrupted college routine as students crowded classroom and library windows to watch her pass.

Coupons Not Needed To Buy Peas and Beans for Planting

Washington, March 8.—(P)—Victory gardeners may buy without ration coupons dry peas and beans for planting seed, the Office of Price Administration said today.

The OPA explained that local ration boards have power to authorize such purchases without the coupons used for food purchases. The gardeners must obtain certificates from the ration boards, however.

Other points made in response to inquiries from the public were: Extra coupons for babies or sick persons, blind, or crippled persons can be obtained from local boards on presentation of doctors' certificates.

Soldiers or other service men having seven or more days' furlough can obtain temporary ration books by bringing furlough papers to a ration board. If the furlough is less than seven days, no ration is provided.

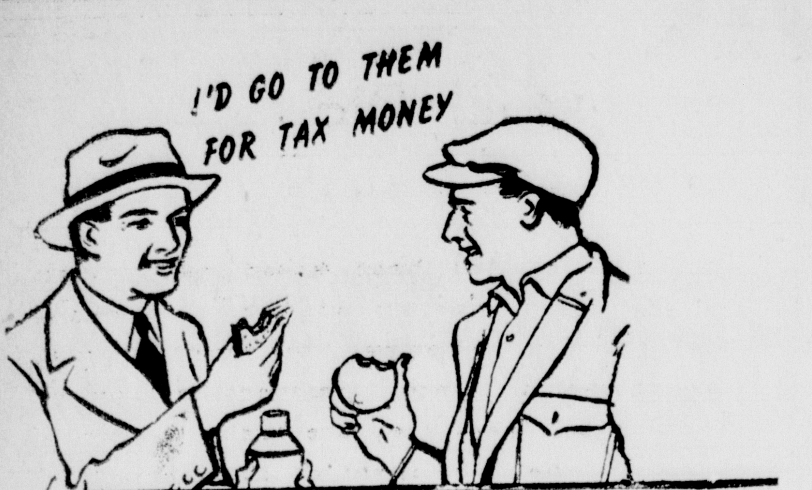

For special occasions, such as a church supper, ration coupons may be obtained from local boards.

Persons who are unable to shop at frequent intervals may exchange their coupons at local boards for certificates authorizing purchase of more than one month's supplies at a time.

Persons living in boarding houses do not have to turn their ration books over to the house unless 50 or more people eat there regularly.

Obituary

MRS. FRANCES MACK
Funeral services in memory of Mrs. Frances Mack, Jackson avenue extension, were held Friday afternoon at 2:30 p. m. at the home of her sister, Mrs. Edwards, at 2037 1/2 Pennsylvania avenue, east, followed by rites in the Emanuel Evangelical and Reformed church. Rev. Arthur Sennewald officiated and the following acted as bearers for interment in Oakland cemetery: Edward and Richard Check, Robert Zollinger, Fred Loll, Herman Strick and Warren Bauer. Those who came from away were Mr. and Mrs. George Streich, Chicago, Ill.; Pvt. Frederick Fuhrer, Lincoln, Neb.; Mr. and Mrs. John Fuhrer, Mrs. Olga Lundberg, Jamestown, N. Y.; Mrs. Anna Fuhrer, Russell; Fred Launer and family, John Launer and family, Johnsonburg; Mr. and Mrs. George Streich, Mrs. Fred Hoyer, Mrs. Irene Murphy, Titusville, Mrs. Ed. Greenlee, Mr. and Mrs. Ernest Zollinger, Robert Zollinger, South Dayton, N. Y.

FREDERICK S. STRICKLAND
Funeral services in memory of Frederick S. Strickland were held from his home, conducted by Rev. Levi Hagberg of the Swedish Mission church. He brought a comforting message and a favorite hymn of the deceased, "Lily of the Valley," was sung by Mrs. Roy Roberts and Robert Allinger. Bearers for interment in the Stillson Hill cemetery were Harold and Alvin Hedstrom, Kenneth, Arthur and Paul Lind and Walter Mann. Mr. Strickland is survived by his wife, Fay, and eight children: Mrs. Violet Pilling, Mrs. Robert Maas, Erie; Mrs. Norman Anthony, Warren; Esther, Willis, Marie, Marvin and Edwin, at home; also six grandchildren, Eugene, Robert, Richard and Judith Marie Pilling, Sharon Lou and Kay Anthony; two sisters, Mrs. Bessie Hedstrom and Mrs. Esther Lind, Youngville; a half-sister, Mrs. Alma Peterson, Buffalo, N. Y.

MRS. MILDRED S. NORTH
The death of Mildred S. North, wife of Millard S. North, in the W. C. A. Hospital at Jamestown, N. Y., Tuesday morning came as a great shock to the community of Akeley. She was born November 12, 1915, in Cleveland, O., the daughter of Mr. and Mrs. Algot Lundgren, now of Akeley, also. Besides her parents and husband, she leaves an infant son, Gary S.; two brothers, Raymond Lundgren, of Akeley, and Clifford Lundgren, a war training service student in Rochester, N. Y. She was a member of Akeley Grange and of the Akeley Methodist church. Funeral services will be held Tuesday, with a prayer from the family home at 2:30 o'clock and rites in the Methodist church at three o'clock. Burial will be made in Hale cemetery at that place.

MRS. LENA TITUS
Barnes, March 8—Relatives here have had word of the sudden death of Mrs. Lena Titus, widow of Frank Titus, which occurred at her home in Lock Haven on Sunday afternoon. She was born here in December, 1875, daughter of the late James and Maria Gilson.

Surviving are a daughter, Margaret, in Lock Haven; a son, Gordon, in Washington, D. C., and three grandchildren. The funeral party will arrive in Barnes from Lock Haven on the early morning train on Wednesday and funeral services in her memory will be held from the home of Mrs. D. R. Titus at two o'clock that same afternoon. Rev. Ivan E. Rossell, Methodist minister, will officiate and interment will be made in the family plot in the local cemetery.

MRS. AMANDA TANKARD
Mrs. Amanda Tankard, aged 66, passed away in the hospital here last evening at 7:45 o'clock, following a long illness. Removal has been made to the Peterson Funeral Home, but further arrangements have not been made pending arrival of her son, Charles A. Tankard, from Allentown, and a daughter, Mrs. Anton Chappack, from Mt. Vernon, N. Y.

P. T. A. News
SCANDIA UNIT
All members and interested friends are invited to attend the meeting of Scandia PTA to be held at eight o'clock Wednesday evening at the school building.

Dog Tore Coat Of Warden At Sugar Grove

At the meeting of the Warren County Council of Defense held Friday afternoon it was reported that a dog at Sugar Grove had attacked an air warden during the blackout. The animal tore the warden's coat and gave some trouble before being subdued. It was cited by the council that a law requires that all dogs be taken indoors or tied up during blackouts and that letting the animal loose during either a drill or a raid constitutes a violation of the law and the owner can be punished. The Sugar Grove council was ordered to take action.

Rev. J. C. Wygant has been named as Chaplain of the Council of Defense and chairman of the speakers bureau. Due to pastors of Warren churches moving or entering the service, several changes have had to be made in this office since the council was formed.

Reports of the blackout test made by Forrest Waite, of the Warren control center and Frances Brown, of Sheffield, and F. A. Schoonover, of Sugar Grove, showed that the test had been quite successful. In Sugar Grove some confusion resulted but this was soon corrected. Youngville is working out a plan for a better alarm system as an air horn is used there and the tank is not of sufficient capacity to pump up following a prolonged blast. On the whole the blackout was pronounced a success.

The importance of lumber in the war effort was sounded in a report made relative to the organization of the Volunteer Forest Fire Fighters. The small saw mills are passing out of existence due to the demands for manpower in the armed services and war industries. Many have had to shut down and others may close. Warning was again sounded against the promiscuous making of telephone calls during and following a blackout. The public is asked not to use the telephones for at least half an hour after the "all clear."

Edward Johnson, of the Victory Garden Committee stated that from all indications there would be more gardens this year than ever before. The nation's need has alarmed the public and many of the local industries are seeking ground where their employees may have gardens. Several Warren stores have also made known that their employees will also make gardens.

Work of the Boy Scouts during blackouts was also commented upon and the lads are doing good work. John G. Rossman expressed his thanks to the council for the splendid aid he received from the volunteer workers assigned by the council during the registration for ration book No. 2.

It was also announced that Mrs. Evelyn Gailor, of Sheffield, has been named as block leader in that town. Mrs. H. F. Conarro spoke in high terms of the splendid work done in the schools in the registration of residents for ration book No. 2. The speed and accuracy in the registration is a matter of pride and the organization worked out by Mr. Rossman was highly complimented. Mrs. Conarro also stated that 34 speakers have been used by the consumers division at meetings before the registration to explain to clubs, etc., the methods to be employed. Sixteen explainers have also worked in the stores helping women shoppers understand the point system. Another shipment of silk hose will go forward during the coming week.

Mrs. Genge, of the council, reported on recent shipments of scrap showed that excellent results are being attained.

MOTORISTS NEEDED TO MAKE UNIQUE GAS SAVING TEST

Every patriotic Pennsylvania citizen interested in conserving our resources and saving gasoline for Victory will welcome the achievement of an American inventor. Already thousands of car owners are using his invention and they report gas savings up to 30% as well as more power, smoother pickup and quicker starting. The device, called the Vacuumatic Gas Saver, operates on the supercharge principle. It is entirely automatic and allows the motor to breathe. The manufacturers, the Vacuumatic Carburetor Co., 7617-5568 W. State St., Wauwatosa, Wisconsin, are offering a Vacuumatic free to those who will test it on their own cars and help introduce it to others. Write them today!

THEY'LL START RIGHT

Interviews 10 A. M. - 8 P. M.

Four Sons In U. S. Service Is Record

An article appearing in a recent issue of the Williamsport Sun has been read with considerable interest by local relatives and friends of Mrs. Margaret Wright, 139 East Willow street, that city, and formerly of Warren.

The article is illustrated with pictures of Mrs. Wright's four sons, now in the armed forces but formerly of Pine street, Warren, and cousins of Mrs. Alice Laufenberger and Mrs. H. P. Bradford, of this city.

The boys are Pfc. Paul E. Knight, training with the Marines at New River, N. C.; Cpl. Albert F. Knight, with the army quartermaster corps in California; Pvt. Charles W. Knight, at an Alabama air base, and Pfc. Jack H. Knight, in the army medical corps at Augusta, Ga.

A fifth brother, William C., will be 18 years old in July and plans to enroll right after high school commencement for the Marine Corps or Army Air Forces. Besides these boys, there are four other children in Mrs. Wright's family.

Plane Crash Proves Fatal To Aviator

T. N. Clark, of Tidouate, has been advised that his brother-in-law, Norris G. Morgan, of Galva, Ill., was fatally hurt in a plane crash at Houston, Texas, on Sunday afternoon.

Mrs. Morgan is the former Margaret L. Clark, daughter of the late Mr. and Mrs. Noble Clark, of Warren, and is well known here. No details concerning the tragedy are available today, according to relatives. Morgan was serving with the Army Air Forces and had been for some time an instructor at a Houston flying field.

Besides his wife, he leaves three children, his mother and a brother, all in Galva, Ill.

"Tell All America To Get To Its Knees" Urges Lieutenant

Lieutenant in service writes "Tell all America to get to its knees." The above are the words of a young lieutenant "in the United States Army on some far-off battle front" to his sister in Pennsylvania. The letter is headed "The Wishes of Nowhere, the Land of Death and Destruction." It was received September 3, 1942.

Omitting parts of the letter and with slight changes in some of the sentences, but in no way taking from the message, the following is the story of "A Lieutenant's Miraculous Escape from Death." When he knew he was going over he said he was going armed with a Bible. It was of small size and he kept it in his breast pocket. He writes, "My buddy and I were sent out in the work I told you before was our job. We had just received important information. When the enemy discovered us, I gave my buddy the information, told him to beat it, and turned to face them. It was the first time I'd been faced with the necessity of pointing my gun at a man. I thought fast, then I said, 'Lord, it's your responsibility now.' My buddy had not obeyed my order. As I reached for my carbine, a shot from one of them struck me in the breast and blasted me down. Thinking I was dead, my pal jumped and grabbed my carbine as well as his own, stood astride my body, blasting away with both guns. He received three bullet wounds in his knees but when he finished there was not one of them left. He was amazed when I rolled over and tried to get up. The force of that bullet had only stunned me. Dazedly, wondering why, I pulled my Bible out of my pocket and in utter muteness looked at the ugly hole in the cover. It had ripped through Genesis, Exodus, Leviticus, Numbers, on through the books and kept going. Where do you think it stopped? In the middle of the ninety-first Psalm, pointing like a finger at this verse, 'A thousand shall fall at thy side, and ten thousand at thy right hand; but it shall not come nigh thee. Only with thine eyes shalt thou behold and see the reward of the wicked.' Sis, when I read that verse it raised me three feet off the ground! I did not know such a verse was in the Bible. Had read mostly in the New Testament.

"Before each decisive victory anywhere over here, sometimes for hours, sometimes for days, Sir, prayer is going to win this war. Not guns alone! Pervert, agonizing prayer! God is bringing them in one by one. Think of it! One hundred twenty men and one general in one regiment! When that happens this unit will be unconquerable. Pray, Sis. Pray as you never prayed before. TELL EVERYONE TO PRAY. Tell all America to go to its knees.

"Before each decisive victory anywhere over here, sometimes for hours, sometimes for days, Sir, prayer is going to win this war. Not guns alone! Pervert, agonizing prayer! God is bringing them in one by one. Think of it! One hundred twenty men and one general in one regiment! When that happens this unit will be unconquerable. Pray, Sis. Pray as you never prayed before. TELL EVERYONE TO PRAY. Tell all America to go to its knees.

"So pray, everyone. It will have to come from afar. No one prays in this land of utter desolation. God has turned away from the horror and destruction man has brought on himself. Again I plead, TELL AMERICA TO PRAY. This war will not end until nations and people have paid in blood and tears for thrusting God out of their hearts and countries. And tell them to send BIBLES, and MORE BIBLES. A Bible gives a soldier confidence that God is with him.

"I'd like to have this letter broadcast over every radio in America. Try to get it on the air and printed in the papers. Make copies of it. Send it from coast to coast. Tell them the army wants prayers and Bibles.

"And you complacent, bridge-playing, cocktail-drinking mother, why didn't you teach your son about God instead of handing him a cigarette, and a dance program? Get to your knees and ask God to forgive your sins. And then pray for the army. Pray, pray, pray! And you preachers! Why didn't you teach the people to pray? Only repentance for sins can stop the shelling, the killing, and the murdering.

"I could go on, but I am so tired, so weary. But so happy to see them coming to God one by one. So tell them to keep on praying. And when you send things to your boys, send BIBLES. They want Bibles.

"Your loving brother, 'Lieutenant'

Scout Camp Plans Under Discussion

Byron W. Knapp, chairman of the Warren County Council camping and activities committee, called the first meeting of his committee for last Friday evening. The men met at the Boy Scout Council office.

The major items of discussion and consideration were the repair and development of facilities at Camps Olmsted and Jefferson, the problems to be faced and recruiting leadership for the summer camp, and the development of a promotional effort for the summer camp. It was agreed that Camp Olmsted should open the season on Wednesday, July 14.

In developing an adequate and well-rounded program of council activities, it was felt that the following activities should be provided this year: In April, first aid and emergency service meet, promotion of Boy Scout victory gardens; in May, a recognition of Arbor Day with the objective of planting a tree for each member of Warren county who is now in the armed forces of our country; June, the annual camporee; July, the summer camp; October, an emergency mobilization and fall round-up; and during the Boy Scout Anniversary Week in 1944 a merit badge and hobby show as well as a public Scouting get-together.

The men present at the meeting Friday night, in addition to Mr. Knapp, were D. E. Conaway, C. W. Barvis, Robert Jewell, L. B. Jones, of Sheffield, and Chester R. Seymour, Scout executive. Others who served on the committee are W. E. Lutz, Nick Anderson, William A. Hanson, of Ludlow.

TWENTY-OR ONE?

"I'd like to do more for victory—but I'm only one person and what's one person when there's so much to be done?"

Sometimes we hear men say that; more often we hear women say it—housewives or office workers who feel cut off from the exciting main stream of the war effort. And they're party right. Saving one family's tin cans, mending sheets, and carrying a pound of waste fat to the butcher does seem like only a drop in the bucket. If these women could see their efforts multiplied by ten or twenty or even thirty, they'd feel that they were making a real contribution.

To see one's war contribution literally multiplied by twenty sounds impossible. Actually it is not impossible at all. At least one organization in Warren stands ready to give volunteers a chance to do just that. The Warren Girl Scout Council has on its waiting lists many girls who are eager to do more war work, eager to learn the ways of good citizenship (a war job in itself), eager to help their elders hasten the day of victory. Other girls who are already Girl Scouts are doing war jobs that range from Victory Gardening to office help and from scrap salvage to making clothes for bombed babies. The women who lead these girls are truly able to offer twenty pairs of hands where they could offer only one before. They are not only utilizing an important part of our country's potential strength, but are helping to combat the threat of increased juvenile delinquency among young girls who want to "do something" about the war but who lack proper outlets for their energy and the stabilizing effect of Scout standards and fellowship.

The Warren Girl Scout Council is looking for women over twenty-one to give about two hours a week of their time as leaders of Girl Scout troops. The Council will give these women help and training for their jobs, suggestions on how to start and how to keep going with interesting activities. The waiting list of Scouting is growing longer every day. The Scout leadership drive is a tremendous opportunity for any woman. Her service to the nation will be multiplied and will not end when the war ends. The attitudes and knowledge that girls learn in Scouting today can influence the whole future of America.

LATEST LENTEN PERIOD

Tomorrow is Shrove Tuesday, the day before Ash Wednesday, the beginning of Lent. History tells us that on Shrove Tuesday it was formerly customary in England, for people to confess their sins to the priest and afterwards to dine on pancakes and make merry.

The Christian world will begin observing on Wednesday the latest Lenten period of the 20th century because of the astronomical condition occurring but once in a hundred years.

Maude Bennet, director of the Adler Planetarium and Astronomical Museum, at Chicago, says that March 10 and April 25 are the latest possible dates in the calendar on which Ash Wednesday and Easter, respectively, may fall. The last time Easter was this late was in 1886; the next time will be 2038.

"The peculiar rules for selecting Easter and Ash Wednesday were made in 325 A. D. at the Council of Christian Churches at Nicea in Asia Minor," Miss Bennet recalls. According to that decision Easter falls on or after the first Sunday after the fourteenth day of the moon falling on or after the vernal equinox (first day of spring), which this year falls on March 21.

Miss Bennet said the moon which comes after the vernal equinox this year begins on April 4. Fourteen days after that date is April 18, which happens to fall on a Sunday, and the next Sunday after that date is April 25, or Easter.

Once the Easter date is determined, Ash Wednesday is found by counting back 40 days—the length of Lent—not counting Sundays, thus bringing this year's date to March 10, Miss Bennet says.

Incidentally the custom established some years ago of printing Lenten sermonettes on this page will be continued this year with the first appearing Wednesday.

WASTE FATS

Response to the waste kitchen fat salvage campaign is not enough to meet the need. We are having to dig into our reserve, the Office of War Information warns, to get enough fat to meet our demand for explosives. If every family would turn in half a pound a month, we could break even.

We can't afford to run out of ammunition for our fighting men. We can't assume that the other fellow will do it. Everybody must begin to help or must help more.

Private Warpath

Washington in Wartime

By JACK STINNETT

WASHINGTON—The Capital in Wartime:

Untold stories of Guadalcanal keep drifting back. This one comes from an officer who was one of Maj. Gen. A. A. Vandegrift's own party.

The Japs had landed some tanks. Eight of them got up to the Marines' front line. Seven were knocked out by anti-tank guns and half-tracks, but one scurrying along the beach managed to pierce our outer defenses.

Before its officer-in-charge realized where he was, the tank was deep in our territory and all alone. It stopped for a reorientation. This is how the Marine officer told it.

"That tank stopped right over a deep fox-hole. A courageous little Marine hidden there gave the situation the once-over and then standing on tip-toe, shoved a hand-grenade up under the treads, pulled the pin and dicked.

FIVE seconds later there was an explosion and the tread was blown off. The tank (it must have been in gear already) spun around like something out of an old Mack Sennett comedy and dashed off across the beach on one leg—like Charlie Chaplin rounding a corner—and ducked into the ocean. When it stopped only a fraction of its conning tower was above water.

"The conning tower opened and the tank commander tumbled out and into the water. That was the last we saw of him. He didn't come up. He must have been full of sinkers. The boys certainly threw enough of them into him.

"When we got over to the fox-hole, that little Marine was wiping dirt out of his eyes with one hand and holding his sides with the other—but not because of wounds. He was laughing."

THIS happened some time ago but the effect of it is spreading. The conservationists in government jobs had been harping for weeks on the waste of manpower and paper resulting from the fact that petty tyrants in the government insist on having letters re-written if there is a single transposition of letters, one misspelled word, or an out-of-place comma. The tirade had little effect until President Roosevelt, writing to Congress withdrawing the nomination of Ed Flynn as minister to Australia, wrote in ink "at his own request" over the typewritten lines.

Some estimates see that there has been a 50 per cent decline in "write-this-over-again" orders since the President set that example. A government supervisor told me recently that government bureaus in Washington alone could save 25,000 8-hour working days a year if ink-correctable letters didn't have to be re-written.

YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

In 1923

Warren county will have the biggest crop of winter wheat this year in the history of the county, according to the county's official crop reporter.

Sheffield folk are excited over the prospect of the Horton Tannery resuming operations. The tannery has been shut down for some time past.

District Attorney Leroy Eddy by a piece of detective work last evening ran down a truck load of beer that was about to be unloaded at a local club. The driver of the truck and his assistants were arrested. Mr. Eddy was on his way to his home when he spotted the truck and followed it to its destination.

J. H. West was elevated last evening as president of the Jefferson Bible Class and James H. Berger was again chosen as leader.

Charles Carnahan now has 61 wells pumping on his Tidouche lease and has three strings of tools running. The lease is equipped with the most modern machinery.

In 1933

Two clubs of the Columbus High School are enrolled in the state Bible study contest. There are 53 enrolled in the contest.

M. C. Armstrong, Scout Master of Troop 27 of Tidouche brought the Troop to Warren this morning and the lads enjoyed a swim in the pool of the YWCA.

Gov. Pinchot has appealed to the physicians of the state to aid in the child health program which is under way by the Relief Department of the State. It is feared that the health of children may be undermined during the depression.

Over 4,000,000 fish were planted in the streams of the county during the last year according to an announcement made today.

E. Harriet Hall, of Warren is hailed as a real fisherman in the Florida press as she successfully landed a half ton jewfish while fishing at Palm Beach pier.

will have sows to farrow this spring.

It reminds these farmers that it is necessary to have amount in proper condition at farrowing time and to save a large proportion of the pigs farrowed. Clean, comfortable quarters should be available at farrowing time and a small amount of chaffy straw placed in the pen. After the pigs have gained strength more straw can be added.

It is important that the caretaker be on hand at farrowing time to give the sow and litter proper care and attention, to keep the sow from lying on the pigs and to prevent the pigs from getting away from the sow and becoming chilled during the first few days of their lives.

A limited amount of feed should be given the sow a day or two before farrowing and for a few days afterward. Then the amount of feed can be increased gradually until the sow is on full feed, 10 days or two weeks after farrowing.

When about two weeks of age, the little pig can be encouraged to start eating. At first they will eat a little shelled corn. When the sow is on full feed she can be placed on a self-feeder and the little pigs soon will start to eat the same feed from the feeder and thus will be on full feed at weaning time.

Mr. Tritt suggests that the pigs be weaned no earlier than eight weeks of age. If possible, they should be left with the sow for a longer period. It is a well-known fact that the bigger the pigs are at weaning time, the more efficient use they will make of their feed and the quicker they will reach market age.

Furnitures Sink Rock Cleaners In Extra Period Splurge

Lunquist Drops Goal With 20 Seconds Left As Blomquists Win

In the fastest moving tilt seen this year on a local court, the Blomquist Furnitures downed the Rock Cleaners by the score of 42-34 by virtue of an extra period scoring lunge that carried them through undefeated so far in the second half.

Outplaying the Bloms in every period but the last, the Rocks went wild as they set themselves to the task of whipping the high-riding Furnitures and looked good enough to cop by at least 8 pointers until—

Johnny Pawk, stellar forward of the Rock Cleaners started things moving in the first session by dropping a long-pop that sent the Bloms into a lead they never relinquished all through the 32 minutes of playing time as he added a foul counter to make it 3-0—Johnny Pick slipped one in to stay close for the Bloms, but Buck Samuelson made his way through the defenses of the Rocks and went into a three point lead as the two teams battled on. As the scales from there into the whistle for the end of the session, with Buck Samuelson, Johnny Pawk and Willard Zerbe sinking successive goals to wind up the first at 10-7 favor of the Rocks as only two fielders could be added for the Bloms by Louis Check.

The second period found the Rocks holding onto their lead and even extending it to 7 points as Nick Creola found center for them right away from the middle of the floor—But Louis Check sunk one of his specials on the run near the center stripe, followed by Buck Samuelson's clever change of pace shot that garnered a 3 point lead at 12-9—Then Johnny Pawk plunked in a one hander for the Rocks and helped along with another four point while the Bloms had Louis Check who again connected from way-out—And Bob Lunquist who started on his way to glory with an addition of two points near the foul stripe—Scalise who had been substituted for Creola with a minute of playing time remaining in the first half slipped in a one-hander and a bad pass by the Bloms was grappled by Willard Zerbe who fly from the center with 10 seconds to go and the whistle blew with the ball stripping the strings and the Rocks at the helm by 20-13.

Both teams battled on even terms in the following period, but the Bloms were hitting more often and although "Sheriff" Berdine of the Rocks hit the hoop two times in the period, and was

helped along by Scalise who again put in a two-counter and Buck Samuelson with two of his, the Bloms only lost one more point as the period ended at 30-22 favor of the Rocks with Hubbs—Lunquist and Mike Blech holding onto the Blomquist cause with buckets to end with a deficit of 8 points.

The final session was all-Bloms as technical fouls, personals and a mixture of pressure-playing brought the Bloms to within four points of the Rocks with a minute of playing time remaining—Then Louis Check got free for a split-second and dropped a hair-raiser from the middle on the running leap and immediately after a foul was called with Berdine of the Rocks shooting with the Cleaners holding a slim two-point advantage and 40 seconds to go—Pressure was on and the "Sheriff" missed as the Bloms recovered the pill and returned it to the center from where Jimmy Urbanski of the Bloms tried one but missed—and as the ball took to the right side of the bucket, Bob Lunquist scooped it up and seemed to ride on air for about 20 feet as he calmly lifted it up-over and into the bucket for the tying counter, as the whistle blew.

The extra period was all for the Bloms as the Rocks, unable to overcome from the sudden change in atmosphere only racked up 2 points and Bob Lunquist of the Blomquists kept up his pace by scoring 8 more to win by 42-34.

Loses to Beau

This could be a take-off on the boys of Jim Figg's day, but Fritz Zivic probably had Beau Jack in mind when he donned this fancy attire. The stunt was framed as the ex-welterweight champion ended training for his re-match with the lightweight leader at Madison Square Garden.

PETE JULIANO NOSES OUT D. CHECK SUN.

Pete Juliano hit a total of 855 to go into the lead at the halfway mark of the Warren singles bowling championship last evening when he spilled games of 168, 215, 205, and 267. The string gave Pete an eight-game total of 1608 to move ahead of Dick Check, defending champion, who has 1562.

Dick fired games of 180, 226, 189, and 203 for a 798 string that gives him an average close to 200 for the eight games. In third place is Chick Check with 1491, which was aided by a 781 last night.

Sammy Cosmano, who was in third place last week, dropped to fifth position with 1436. Dr. Jim Giunta held his fourth spot by totaling 1479.

Gib Lundquist, aided by a game of 232, which was the second best of the night, hit 769 for the fourth best total of the evening.

Pete Juliano easily could have had a perfect game when he was tapped in the fifth frame for his only spare, and laid one in the pocket for a perfect hit on his second ball in the last frame for another tap.

In the handicap competition for the \$25 defense bond, which is being given by the Penn Bowling Center, Dick Check is leading with a gross of 1690. Pete Juliano is second with 1656. Red Farr is third with 1623, and Dr. Jim Giunta is fourth with 1615.

The scores—Juliano 1608, 1656; D. Check 1562, 1690; M. Check 1491, 1555; Dr. J. Giunta 1479, 1615; S. Cosmano 1436, 1502; Farr 1417, 1623; Bjers 1405, 1549; Wooster 1398, 1542; Lundquist 1390, 1566; Grosch 1385, 1545; F. Rapp 1353, 1481; Yarzabek 1334, 1550; Russell 1328, 1360; H. Baldy 1328, 1448; Dr. S. Giunta 1325, 1509; F. Gerardi 1321, 1465; S. Gerardi 1284, 1500; Bittenbender 1284, 1476; Walsh 1284, 1484; Blech 1255, 1375; Fazio 1231, 1407; Minelli 1231, 1385; Castagnino 1189, 1445; Geromonte 1090, 1338.

Zivic Loses to Beau Jack by More "Oohs" Than "Aahs" Amid Rematch Talk in Garden

By SID FEDER
New York, March 8.—(P)—Some time, Fritz Zivic, the "ba-a-d boy" of Bash Boulevard, is going to get lucky in a New York ring over one of those "ooh" and "aah" body punches—and then you're going to see some fun.

Flat-nosed Fritz happens to be a guy who doesn't get the benefit of the doubt about those things very often. So, for the second time in a month, the "oohs" had it on the "aahs" on a referee's score card against him Friday night, and Beau (the Jumping) Jack squeaked through by the narrowest of margins to win a rough-and-tumble 12-round decision over the Pittsburgh pouncer.

But the punch was so questionable and the edge the "oohs" had over the "aahs" about that body blow Fritz-eroo fired in the ninth round—which caused Referee George Walsh to take the heat away from Zivic—was so close that Promoter Mike Jacobs started to smoke up a third tea-party between the two thumpers.

Naturally, the \$71,348 "house" the two warriors drew into the big

Eighth Avenue soup-bowl from a record 1943 crowd of 18,813 didn't hurt the cause a bit. Nor did the whoops and hollers most of Gun Fan's family gave off when they discovered "their Fritz" wound up on the short end again.

Karlson-Greenlund Take Doubles Event

August "Augie" Karlson and Chuck Greenlund brought in high total with their handicaps to cop first prize in the two-week run of the Doubles Event at the Elks as the Swedes scattered the maples for a 1253 total or an average of 626 per man while the closest competitors for the matches were Rex Hand and Cully Patchen at 1229 with some fast last-day bowling that nearly upset the winning high games.

Scores:
A. Karlson-C. Greenlund 1253.
Rex Hand-Cully Patchen 1229.
G. Morley-Dan Dorsey 1202.
Dan Dorsey-L. Abbott 1196.

Covering the Sports Front

—WITH—
"BOB" JOHNSON

Envision a pro-basketball game, one where upwards of three thousand people are raving for one team or the other, in a town where basketball is life itself, and you have the Sheboygan Redskins battling the Zolner Pistons for the Naismith Cup.

Out in Fort Wayne, Ind., a couple of weeks ago these two crack outfits met and settled their rivalry and Chuck Young has sent an account, written up by Bob Reed, sports editor of the Fort Wayne Journal-Gazette, which really does justice to the meeting.

The home club, the Pistons, carried through to the half and sported a 27-21 lead, which looked plenty good to cop. But the Redskins, led by none other than Bud Jeanette, started a rally that not only outscored the Pistons but gave them a lead of 40 to 34 at the end of the third period. As those pros started a barrage of long pops that just wouldn't miss, they went into a 44 to 34 lead. But suddenly the Pistons came to life again and brought the score to 49-47 with minutes to go and Armstrong sunk a four pointer to make it 49-48 in favor of the Redskins. Then Bud Jeanette got hot for Sheboygan and before the whistle had blown the little former Warren player, with some help from his mates, sunk the Pistons at 55 to 50.

To give you an idea of some of the players who do the scoring for these outfits, there's Bob McDermott, who made 20 points that night; Paul Mireh, and you all remember him, plus Bud Jeanette, who just started playing for the Sheboygan team at 100 per. He racked 13.

Another interesting item is the rate of speed the teams score at—41 goals and 23 fouls in one game, and most of their scoring is done from the middle of the floor. To have one team make over 50 points in a game isn't especially out of the ordinary, but when both outfits do that regularly—well, most of them in the league usually put up counts like that.

We've had some articles on this page in the past few weeks—one of them telling of Bud Jeanette's refusal of the offer given by Sheboygan that they wanted when they offered him 100 smackers per game and five days of work a week.

It's Murder, They Sez. . . . Up until dusk on Friday night you couldn't get enough cabbage on the bottom side of the Zivic-Jack odds to pay admission to a box social. Beau, "The Jumping" Jack was going to get revenge for his near-loss over the basher from Smokytown, Fritz Zivic. Now as the flat-nosed wallpaper's followers from Pittsburgh yell "murder" for that low punch which cost Zivic at least a draw, the only box feeling "social" about the whole thing is Mike's strong box, which continues to yawn and give off odor of a rematch. . . . Yes, it was killing.

The Rock Cleaners of the "Y" circuit now know that their only reason for losing the other night was a slight overcoming of reflexes by "heated craniums." . . . Holding the lead all the way through, they should have copped over the Blomquists, but seemed to freeze as time ran short, and the Bloms took advantage of the break to gather up ice for their experienced nerves and shoved in enough points in the last stanza to tie it up.

They were more than slightly annoyed about this, especially after Fritz's fast finish, during which he all but jerked Jack's head off with his sharp-shooting in the 11th and 12th sessions.

The fact remains, however, that Fritz's "low" punch in the ninth round last night caused just as much of a "rhubarb" this time as his questionable "foul"—seen only by the referee—in the eighth round the last time he tangled with the ex-shoeshine boy from Georgia a month ago. Yet, just as on that occasion, it cost the smoketown swatter the fight just the same. The referee and one judge had it seven rounds to five at the finish Friday night, and the other arbiter had it six-five-one, identical with the Associated Press score card. Referee Walsh called the ninth round punch "low," although four out of five around ringside thought Fritz rang the bell in fair territory.

COAL IN PERU

Paraffin wax, petroleum by-product considered of little value as a lubricant, has been found to have in it the element most desired by oil chemists in their search for a perfect lubricant.

There are approximately 1750 kinds of antelopes.

House Group in Deadlock on Tax Issue

(From Page One)

2. Robertson plan—Abate the six per cent normal and first bracket 13 per cent surtax on the first \$2,000 of 1942 taxable income of all persons.

3. Doughton No. 1—Apply the much softer 1941 rates and exemptions to 1942 income, and permit the taxpayers to amortize the reduced 1942 obligation over a relatively short period while simultaneously remitting on taxes for the current year.

4. Doughton No. 2—Cancel half of either the 1942 or 1943 tax obligation. The treasury suggested this as an "alternate" plan.

Virtually all 25 committee members are committed to some principle of pay-as-you-go which would provide that income taxpayers henceforth should remit in one year on income received in the same year rather than on the income of the previous year as at present.

New Phase of Pacific War Believed Near

(From Page One)

Salamaua, New Guinea. Another Japanese ship was said to have been bombed off the northern coast of New Guinea.

A second formation of four-increased bombers swooped low over the Thailand frontier, and poured bombs into the docks, starting a fire the size of a city block. Lighthouses, a landing field, and a radio station also were shot up, and the approaches to the Myittha bridge south of Mandalay were bombed.

Red Forces Converge On Vyazma Base

(From Page One)

Salient spearhead by Orel, more communities were captured west of Sevsk and isolated German garrisons offering resistance were wiped out, the communists said.

The Germans counter-attacked in one sector, but the Russians said they turned back the counter-attack and, pushing the retreating Germans, occupied a large populated place. Three hundred more Germans were reported killed.

Entire Agricultural Setup To Be Reviewed by Special Group Headed by Byrnes

(From Page One)

Induce men over 38 to take up farming. It provides that any man over 38 who is engaged in farm work by May 1 shall be reclassified into the farm deferment classes, 2-C if single and 3-C if married, if he meets the other farm-deferment qualifications. Other men over 38 are to be put into the regular draft classification "as soon as possible after May 1."

The order is intended to encourage men 38 and older to take up farming by assuring them deferment, whereas those remaining outside agricultural work would face uncertainty and a greater risk of being inducted if drafted from their age is resumed.

Resumption of such drafting, selective service officials said, would require no more than a reversal by the army of its order of last December 7 saying men 38 and older no longer would be accepted except when they possess certain needed skills.

If the army notified selective service that it had decided to resume acceptance of these men, the officials said, then draft boards would be advised to consider them just as they do younger men now subject to the draft.

Four other new selective service regulations were issued over the weekend designed to keep agricultural workers on the farms. They provide:

1. When a man is granted deferment for farm work, local boards have "no further discretion and must keep him deferred. If this makes the local board unable to meet its quota for the armed services, the military call "should be left unfiled."

2. Any man with farming experience now in other work is to get farm deferment if he returns to farming before he is notified to appear for induction.

3. A farm worker in danger of losing his deferment through failure to meet production requirements must be referred to a military farm war board and 30 days must be allowed for his placement in another farm job before he can be drafted.

4. County farm boards may request the deferment of farm workers or appeal draft board rulings if the worker himself or his employer does not act.

GRAUD WIPING OUT ALL VICHY INFLUENCE

(From Page One)

Allied Headquarters in North Africa, March 8.—(P)—Another lingering hangover of Vichy influence in French North Africa was wiped out over the weekend when Gen. Henri Graud liquidated a government bureau which has been administering anti-Jewish measures originally inspired by the Nazis.

Political observers predicted the action would be followed in a few days by a series of decrees eliminating one by one other Vichy laws which still are on the books in the territory under Graud's jurisdiction.

SISTER OF GENERAL WAAC Gilbertsville, March 8.—(P)—Mrs. Carroll Leaver had to gain several pounds before she could enlist in the WAAC. Now she is in uniform, ready to salute her brother the next time they meet. Her brother is Maj. Gen. Clark A. Spaatz, also of Gilbertsville, commander in chief of Allied air operations in North Africa.

MYSTERY EXPLOSION Chester, March 8.—(P)—Officials of Sun Shipbuilding & Drydock Company today sought to learn the cause of an explosion in the hold of an uncompleted tanker in which one workman was killed and two others painfully burned.

Rev. Hamlin Answers Call As Chaplain

In a communication read to his congregation at the Sunday morning worship period, Rev. Martin Hamlin, pastor of Calvary Baptist church, announced he has answered to a call for chaplains for the armed forces and has applied for commission and assignment to duty in that field.

If accepted by the army, he would doubtless be called to service for 30 days to three months and his resignation as pastor would be tendered immediately.

Rev. Hamlin came to Calvary Baptist church in September, 1938, from Joliet, Ill., bringing with him his wife and three children, Mary, Wendell and Charles.

Born in McKeesport, he was educated at Bethel Institute, St. Paul, Minn., where his daughter Mary is now a student in Junior College. His wife is there from 1916 to 1922, where he followed by graduation from the theological department in the latter year.

Following this, he held pastorates in North Isanti, Minn.; Alcester, S. C.; Kansas City, Kas.; Detroit, Mich., and Joliet, Ill. Coming here, he succeeded Rev. Herman L'torin, who resigned to do missionary work in Sweden.

BULLETINS

(From Page One)

In the first World War, he is suffering from a chill and has been confined to his home for several days on advice of his physician, it was announced today.

Washington, March 8.—(P)—A senate judiciary subcommittee today voted two to one in favor of confirming former Governor James V. Alfred of Texas to the fifth circuit court of appeals, Chairman Hatch (D-Mex) reported.

Washington, March 8.—(P)—Selective Service Director Lewis B. Hershey has put before President Roosevelt an appeal from a local board decision giving Kay Kyser, the orchestra leader, a 1-A draft classification.

Chicago, March 8.—(P)—Representatives of the five operating brotherhoods sent a formal request to the national railway labor panel today for an emergency board hearing of their demands for a 30 per cent wage increase. They suggested sessions being in Chicago about April 1. Attempts to mediate the demands were abandoned by the National Mediation Board Feb. 23.

Philadelphia, March 8.—(P)—Two businessmen and four civilian employees of the Frankford army quartermaster depot were under arrest today charged with offering or receiving bribes. A government spokesman declined to say whether other arrests are expected but said the "full ramifications of the case have not yet been explored."

Washington, March 8.—(P)—A shortage of trained "draw bosses" was described by two members of the senate war investigating committee today as one of the most serious bottlenecks in military production.

Delaware, O. March 8.—(P)—Vice President Henry A. Wallace asserted today a third World War appears inevitable unless the western democracies and Russia reach a satisfactory understanding before the present conflict ends.

Pittsburgh, March 8.—(P)—Samuel Glick and Alex Harris, co-owners of a large downtown meat market, were fined \$2,000 each in federal court today on charges of income tax evasion over a three year period. They were also given suspended jail terms of a year and a day and placed on probation for three years.

London, March 8.—(P)—Adolf Hitler's secret police were reported today to have arrested 34 persons on Feb. 25 at the important German military academy in Charlottenburg, outside Berlin, in one of a series of raids described as apparently designed to block any Rightist or Monarchist group by those tiring of the fuhrer's conduct of the war.

Washington, March 8.—(P)—It is illegal for a homemaker to sell home canned foods to a neighbor or friend under the point rationing system unless the homemaker is licensed to do that, Senator Gillette (D-Ia) was advised today.

Washington, March 8.—(P)—A showdown over the status of Martinique and some 170,000 tons of merchant shipping in the Caribbean apparently is being forced by the United States through the powerful lever of withholding food supplies from the French colony.

Washington, March 8.—(P)—Curriculum of newspaper is an "indirect method of suppressing and destroying freedom of the press," Rep. Dondero (R-Mich) said today in asking house support for a resolution to ascertain whether the federal government is curtailing its output of printed matter.

Pittsburgh, March 8.—(P)—William Boggeus, 73, burned to death yesterday in a fire which destroyed the Ross township residence where he roomed.

KANE SOLDIER AMONG 14 DEAD IN ACCIDENT

Atlanta, March 8.—(P)—The probable drowning of fourteen soldiers, six of them Pennsylvania, in an accident during night maneuvers in the storm-tossed Gulf of Mexico off Florida, has been announced by the Fourth Service Command.

First Sgt. John E. Johnson, Kane, Pa., is known to be dead. The officers and three other unidentified men were rescued.

Nineteen persons were aboard a landing barge which ran aground on a sandbar near Carrabelle Fla., Friday night after the landing ramp was lowered accidentally after the storm swept the coast of northwest Florida.

The announcement said the men were members of the garrison of Camp Gordon Johnston, at Carrabelle.

Those missing, who the army said were "believed to be drowned," include:

Staff Sgt. Chester S. Domacki, Erie, Pa.; Corp. Joseph Corso, Blairsville, Pa.; Technician 5th Grade Ernest Scherwa, McKeesport, Pa.; Pvt. 1st Class James M. Campbell, Johnstown, Pa.; and Pvt. Stephen Cheddar, Centralia, Pa.

Personal Paragraphs

George H. Miller, for many years one of this community's best-known shoe men, is reported critically ill today in Warren General Hospital, where he was admitted Saturday evening.

The many friends of Mrs. John Dingfelder, Corry Route 1, will be sorry to learn that she is in a critical condition at the home of her daughter, Mrs. Eloy Dall, East Pleasant street, that city.

MAKE THIS MODEL AT HOME

added "the Axis tank army has suffered losses which will be seriously felt in subsequent operations."

Intense anti-tank and artillery fire formed the backbone of the Eighth Army's resistance to Rommel's two unsuccessful thrusts, his first determined counter-attacks since Gen. Sir Bernard L. Montgomery's forces started the drive which pushed him back about 1,500 miles from El Alamein in Egypt.

Do you
want her to
carry such
a burden?

ASK anyone who has
settled or man-
aged an estate. It's a man-sized job,
studded with details, complex and
bewildering to the uninitiated. Per-
haps your wife can do a good job as
your Executor. But do you want her to,
on top of her other responsibilities?
Wouldn't it be much better to name
this experienced institution?

National Labor Leaders Give Endorsement to Red Cross

National labor leaders have given their approval and endorsement to the Red Cross National War Fund for \$125,000,000. The active campaign will open in Warren Tuesday, March 16th. Among the labor organizations urging their members to contribute to the War Fund are the American Federation of Labor, the Congress of Industrial Organization and the railway brotherhoods. President William Green of the AFL said: "The executive council gives its full endorsement to the Red Cross Campaign. We urge every member of the American Federation of Labor to contribute to the Red Cross War Fund and we call upon all local and state organizations of the AFL to give the drive organized support."

CIO President Philip Murray said: "With hundreds of thousands of its members in the Armed Forces and merchant marine we have a special duty and obligation to aid the successful promotion of the 1943 Red Cross Campaign for funds to carry on its humanitarian program so vital in this global war. I urge every local union and every member of the CIO to give unqualified support to this campaign and to take an active part in insuring its success."

J. G. Luhrs, executive secretary of the Railway Labor Executive's Association, pledged "every possible aid" from his group while A. F. Whitney, president of the Railroad Trainmen said: "The month of March has been designated by President Roosevelt as Red Cross month. During this month every patriotic American will contribute to the Red Cross War Fund. As spokesman for the Brotherhood of Railroad Trainmen I am confident our 180,000 members will respond generously."

Victory Book Campaign Is Extended for Another Week

The 1943 Victory Book Campaign has been extended one week for those communities who have failed to meet their quotas. To date Warren is one of these communities.

It isn't just a matter of meeting quotas, but one of meeting the appeals of our service men. A personal visit to a camp library or distant post would undoubtedly rouse us to make a real contribution. These post libraries depend on the Victory Post Campaign for the larger part of their collections. At Napier Field Post Library, for instance, over 5000 of its 7000 volumes came direct from the 1942 campaign! The turnover is amaz-

ingly high, particularly in the traveling libraries of good-quality books. One post librarian reports that in two days from a traveling library supplied by the Fourth Service Command of 100 volumes, over 60 books were played in circulation. Ideal proof soldiers wish to read "new editions."

Victory books accompany every overseas unit. The War Department set a goal of over 5,500,000 books with an annual augmentation of 1,000,000. Through the Victory Book Campaign this goal must be met so our men on the fighting fronts all over the world may enjoy the traveling libraries made

Sidewall Of Building Fell During Storm

Persons in the vicinity of the Wineriter Grocery, Pennsylvania avenue, east, were given a severe fright Saturday night between 10 and 11 o'clock when a portion of the brick in the east wall of the structure fell out. Reports are to the effect that the wall has been budging for some time prior to the collapse Saturday night. The wall of the building is of tile with brick veneer and a large amount of the brick fell out.

Firemen were summoned and used heavy timbers in shoring up the wall so that no more of the brick have fallen out. Some of the brick were hurled through a bedroom window of an adjoining building but fortunately no one was injured.

The building is owned by Lyle Schuler.

TIMES TOPICS

BENEFIT GAMES

Games Night in the post rooms on Wednesday will find the VFW Auxiliary members in charge for the series which benefits their fund for boys in service and purchase of service flags for homes.

ROYAL ARCANUM MEETING

The regular meeting of Conewango Council, No. 115, Royal Arcanum, will be held in S. E. of A. hall tomorrow evening at eight o'clock. All members are urged to be present. There will be initiation and a social hour will follow the session.

PRISONER OF JAPS

A list of 15 Pennsylvania officers and men has just been announced by the War Department as being held as prisoners of the Japanese in the Philippines. In the number is PFC Walter S. Smith, son of Alfred M. Smith, Route 3, Pleasantville.

FOR ASH WEDNESDAY

Ash Wednesday services in Trinity Memorial church will begin with a celebration of Holy Communion at ten o'clock. The evening service at 7:30 will be the litany and penitential office. Rector E. Pinkney Wroth extends a cordial invitation to all interested to attend the special services throughout the Lenten season.

MAY COMPLETE BRIDGE

Due to the difficulty in securing steel for the construction of bridges on many of the state highways there are a number of new bridges over the state that cannot be completed this year. However, announcement has been made that in all probability the bridge on Legislative Route 205 between Rouseville and Titusville will be completed. Steel has been allocated for this bridge.

EPISCOPAL MISSIONARY

Bishop John C. Ward, of the Erie Episcopal Diocese, has announced the appointment of the Very Rev. W. R. Van Dyke, retired rector of St. Luke's church at Smethport, as missionary-at-large for the diocese. He will assist in churches that are now without pastors. He spoke yesterday in Union City and Corry.

HAS NEW COMMANDER

Announcement has been made that the 25th Division of which the 112th Regiment is a part has a new commanding officer, Brig. General Lloyd D. Brown. The general was born in Sharon, Ga., July 28, 1892 and received his degree in 1912 from the University of Georgia. He was a second lieutenant in the opening of World War I and was a captain when the war ended. After advancing step by step he attained the rank of Colonel in 1941. In 1942 he was promoted to the rank of Brig. General.

available to them by a special service department. Six million books were distributed to the men of the armed forces in 1942.

We cannot visit all these post libraries, but we can send our best books. We can respond to such a typical appeal as that of Sergeant John R. Forbes, post librarian at Napier Field. "One of the finest contributions which can come from the home front is all-out support for the 1943 Victory Book Campaign; whether one contributes one fine, up-to-date book or a dozen, he is doing his share. Good books are hard to part with—they are like old friends—but to share them with those who are fighting to preserve our way of life is one of the finest tributes those on the home front can make. Thousands all over the nation are doing this. We on the front lines are doing our bit; let's see you do yours. 'Keep Those Books Coming!'"

Stop that Infection Before It Starts

No wound is so slight that it may not become infected and very dangerous.

One of the first things to do to any cut, scratch, blister or wound, however small, is to wash it carefully with San-Cura Soap and apply San-Cura Ointment. This is an Antiseptic Ointment that helps prevent infection. Antiseptic San-Cura Ointment is a great aid in healing minor sores, cuts, burns and relieving itching of piles and skin irritations. 35c and 60c at all druggists. San-Cura Soap, 25c. (adv.)

AT THE ELKS

Warren Miller, continuing his hot bowling for the year, knocked off a 584 total to lead the Simonsons to a four-game sweep over the Turner Radio as they took high total at 2605 Friday night. Chuck Greenlund took honors for high game of Turners, but Ki Kyler led the totals for that team getting 492. The New Process then took to the woods for a three-game take over the DeLuxe Metals led by Sherry Brown with 519, while the DeLuxe had Glenn Grosch to keep them in the running. Honor Roll: W. Miller 213, C. Greenlund 204, S. Brown 201.

SENIOR LOOP SCHEDULE IS GIVEN TODAY

New York, March 8.—(P)—The National League baseball schedule, released today, shows that 96 doubleheaders are programmed with the world champion St. Louis Cardinals booking 16 of them. The schedule, delayed because of the many changes brought about by the war, shows that the teams will make only three trips around the circuit in contrast to the four which have been common in recent years and that intersectional opponents will be met on holidays and at the season's close.

April 21 is the opening date of the campaign will end on Oct. 3. Both are a week later than customary because of northern spring training.

Opening games find the New York Giants at Brooklyn, Philadelphia at Boston, Pittsburgh at Chicago and the Cardinals at Cincinnati.

HAMMERIN' HANK FIGHTS TIPPY LARKIN

San Francisco, March 8.—(P)—Henry Armstrong, the Pacific coast's best fight box office draw, meets Tippy Larkin of Garfield, N. J., in a scheduled 10-rounder tonight. They will weigh in as welterweights.

Beau Jack is booked to oppose Armstrong in New York April 2.

Strong Irish Clip the Struthers Wells With Final Period Scoring

(From Page Six)
team led the other nearly as fast as the scorekeeper could throw in the cards and although a last period-pressure jump by the Struthers crew caused a temporary lapse, they played a championship type of ball and showed all that old man jim holds the ace card again this.

Bobby Caldwell led the hard fighting E's of Warren with his accurate shots that garnered 8 points for him, while Dick Finley, former high school varsity star turned the Irish's biggest men into midgets with his ball-hawking.

Neither team put on any outstanding scoring in any period and three points was the most one could get ahead of the other as Bob Fitch and Mike Steffan of the O'Connors kept up a minor barrage of long pops hitting often enough to wind up the first half at 16-13 their favor.

Then the Struthers started to feel at home as they lifted enough points out of the bag to take the lead for the third period at 11 to 9 and only stay one point in back at 24-25, with Joltin' Joe Lytle turning his height into best advantage and keeping the ball in the hands of the local five while Jiggs Bonavita connected three times to clip the lead of the Irish to slimmer advantage, with Billy

Bjers helping along with a singleton and Nick Otto star center for the Sheffield Wolverines taking over the third period shift with a couple of his making.

The last stanza was a fast-cutting session that nearly wound up in favor of the local E's but the Irish luck held out and their shots stuck to the inside hoop while the Struthers crew hit the rim on the outside—but Joe Lytle sunk a long one to lead with three minutes to go at 26-25 and the O'Connors had a hard time getting through to go ahead—then finally with time running short Mike Steffan climbed up the hall of fame ladder with a push-up that clinched the game and Struthers Wells lost all confidence after this with Mike adding another counter with a foul point and Gustafson helping with a tip-in to win 31-26.

Jiggs Bonavita and Bob Caldwell headed the cast for the local defense outfit and were helped magnificently by Dick Finley's ball handling but the Irish of Sheffield had Mike Steffan, Nick Otto and Bob Fitch to make things hum for them and they clicked enough in the last period to keep in the running for the playoffs.
